Affiliated to Anna University, Chennai & Accredited by NAAC with "A+"

All the Eligible UG Programs are Accredited by NBA

R.S.M. NAGAR, KAVARAIPETTAI-601 206, GUMMIDIPOONDI TALUK, TIRUVALLUR DIST., TAMIL NADU, INDIA.

Letter of Recommendation

To Whom It May Concern,

It is my great pleasure to write this letter of recommendation for **Ms. M. Ramya**. I know her since 2022 as a student of **Department of Computer Science and Business Systems** at **R.M.K. Engineering College**. I had the opportunity to follow her academic development as an undergraduate and to serve as her project work mentor. I have had the opportunity to interact with her and can say with confidence that she is a sincere, hardworking and a motivated student with a strong potential for higher studies.

While Ramya was working on the project "**CareWise - A Better Guide to Healthcare**," I oversaw her. By offering estimated costs for a range of medical illnesses and treatments, the project aimed to assist consumers in comparing healthcare costs across various facilities. Her research, data organization, problem-solving, and user-focused solution development skills all improved as a result of this project. Ramya actively sought out extracurricular learning opportunities through technical events and certifications in addition to her academic obligations.

Her analytical thinking, project planning, problem-solving skills, and confidence have all significantly improved over the years, in my opinion. She was recognized for the Calibre of her documentation, presentation, and overall contribution, and her project performance was rated at an **8 out of 10**.

She, as far as I know, is a very motivated student and takes on any challenge with a positive approach, continuously improving herself. I have no doubt that she will be a valuable addition to your institution and reap huge rewards from your institution.

I would highly recommend **Ms. M. Ramya** for your postgraduate course and wish her all the best in life.

Sincerely,

C. Mary Shiba.M.E.,(Ph.D).

Assistant Professor

Department of Computer Science and Business Systems
